

COMPANY PROFILE

Avocados

Hass and Fuerte avocados from Kenya.
Sourcing, handling and export coordination.

OUR COMPANY

Rooted in Kenya

Fresh produce partnerships for international buyers.

Global Orchards sources, processes and exports fresh produce from Kenya. We work with smallholder farmers, growers and cooperatives, connecting local agricultural production with buyers in international markets.

Avocados are a core part of our export portfolio. Our work brings together sourcing, sorting, packing, precooling and shipping coordination, with attention to quality, traceability and timely delivery.

Quality

Careful selection and handling.

Partnership

Direct relationships with growers.

Traceability

Attention throughout the supply chain.

Our mission is to provide quality fruits while supporting environmental stewardship and local farming communities.

OUR PRODUCTS

Hass and Fuerte

Avocado varieties featured in our export portfolio.

VARIETIES

Hass / Fuerte

AVAILABILITY

Year-round

PACKAGING

4 kg cartons

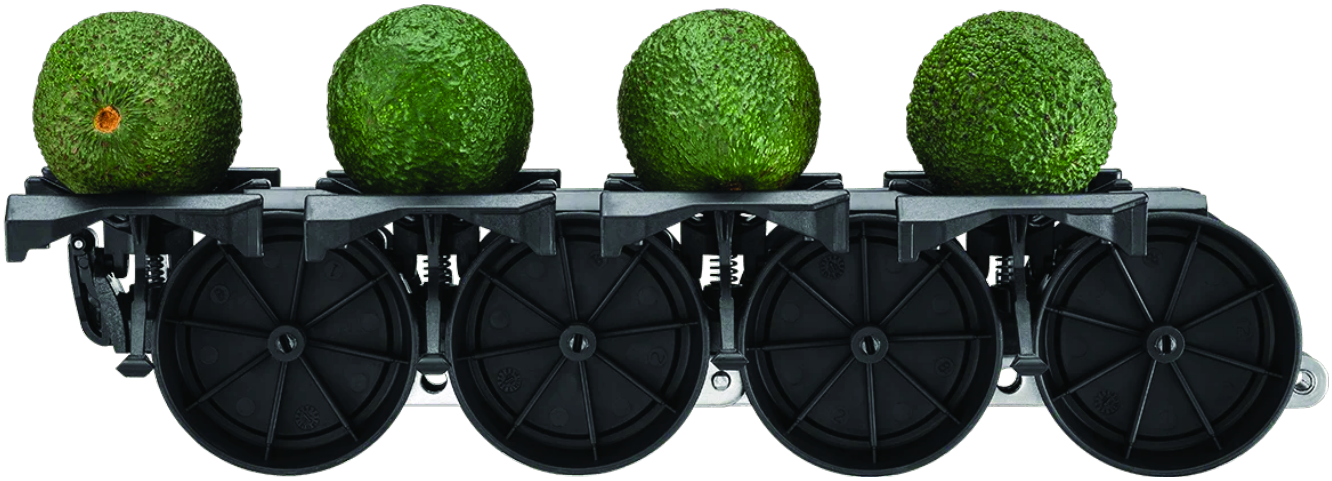
FREIGHT

Air and sea

Packaging can be discussed around your requirements. Contact our team to confirm current supply, sizes and shipment timing.

Sourcing and preparation

From grower partnerships to packed fruit ready for export.



01

Avocado sourcing

Fruit is sourced through our own farms and partner growers, with attention to maturity, quality and freshness.

02

Sorting and grading

Machine grading classifies avocados by size, weight and quality to support consistency within each batch.

03

Packing

Avocados are packed in durable 4 kg cartons. Dry wooden pallets hold up to 276 cartons per pallet.

04

Precooling

After packing, avocados are transferred to cold rooms and pre-cooled to 5°C to reduce field heat.

FROM PACKHOUSE TO DESTINATION

Export coordination

Packing, cold-chain handling and logistics coordination.

HANDLING AND SHIPPING

We work with logistics partners to coordinate loading and transport. Humidity-controlled containers and moisture-barrier wrap help protect the fruit during shipment, with monitoring inland and at sea.

MARKETS

Europe, Asia and the Middle East.

TO PREPARE YOUR ENQUIRY

Share your preferred variety, quantity, size requirements, packaging, destination and delivery window. We will confirm the applicable product and shipment details.
